Subject: RE: Proposed Agenda items for meeting with NYSDEC on Dec. 21st.

Good morning. So far, I received feedback from ERRD and DECA on their top 3 issues. Others, please provide me your top 3 issues by COB today. Thank you.

DEC's general issues:

1. Addressing the impacts of global climate change on NYS citizens and natural resources
2. Continuously taking actions to improve NY air quality, including reducing the impact of pollution generated in upwind states and reducing emissions from motor vehicles
3. Ensuring adequate funding for drinking water and wastewater treatment infrastructure projects
4. Effectively implementing watershed-based programs for which NY has entered into TMDLs with EPA, including Chesapeake Bay, Long Island Sound and Lake Champlain
5. Meeting the goals of the Great Lakes Restoration initiative and the Great Lake Water Quality Agreement and ensuring a fair allocation of GLRI resources to NY
6. Advancing combined sewer overflow abatement projects, particularly in NYC (DECA #1)
7. Continuing on-going efforts to respond to PFOA/PFOS (DECA #2), 1,4-dioxane and other emerging contaminants at numerous locations in NYS (ERRD #1)
8. Implementing comprehensive cleanups and restoring natural resources for the Hudson River, Grasse River, Gowanus Canal and other NPL sites in NY
9. Assisting environmental justice communities and Indian nations with environmental issues
10. Addressing infestations of invasive species
11. Growing NY sustainable materials management programs, including initiatives to address food waste and plastic bags
12. Addressing the administrator's review of the clean power plan, waters of the US, and other rules.

Special projects:

1. Remediating the Navy-Grumman plume in Bethpage on long island (ERRD #2)
2. Determining an appropriate use of plum island
3. Implementing the massive CSO abatement projects for Newton Creek without undue and unnecessary delay due to the superfund process (ERRD #3)
4. Continuing efforts to restore Onondaga lake
5. Completing NYC filtration avoidance determination 2017 update
6. Implementing effective pesticide programs and dealing with significant vectors, such as ticks. (DECA #3)

Mazeeda Khan, PE, PMP
Special Assistant
Office of the Regional Administrator
US EPA Region 2

Subject: Proposed Agenda items for meeting with NYSDEC on Dec. 21st.
Importance: High

As follow-up to this morning's senior staff meeting, please provide **your division's top 3 HOT TOPICS/ ISSUES** at your earliest convenience, to Mazeeda.

Please refer to the list of issues/projects referenced in the attached letter from NYSDEC, and/or include any additional ones.

Many thanks!
Maureen
